Professional Experience

Software Developer
JeonSoft Corporation

December 2023 – Present
Quezon City, NCR

- Led the end-to-end development of a Learning Management System (LMS) designed to upskill employees within the company. Worked closely with stakeholders to define requirements and implement features such as course enrollment, progress tracking, and performance assessments.

- Contributed to the development of a Performance Management System as part of a collaborative team. Assisted in designing and implementing key features such as goal setting, performance tracking, employee feedback, and analytics.

- Developed a tailored Recruitment System to meet a specific client's requirements. Designed and implemented key features, including applicant management, data import/export, hiring workflows, and interview scheduling. Collaborated closely with the client to ensure seamless integration with their existing processes, improving hiring efficiency and streamlining candidate management.

Web Developer Intern
Wela Online System

July 2022 – October 2022
Manila City, NCR

- Assisted in developing and maintaining web applications using front end technologies like React.js, contributing to feature updates and bug fixes.

- Collaborate with senior developers in designing and implementing UI/UX components, gaining hands-on experience in creating user-friendly interfaces.

- Conducted testing and debugging to ensure applications stability and functionality, improving product quality and user experience.

- Participated in team meetings and code reviews, learning industries best practices and gaining insights into efficient, scalable web development.

Technical Proficiencies

- **Front-End Development:** HTML, CSS, JavaScript(ES6+), TypeScript, React.js, Next.js
- **Back-End Development:** Node.js, Express.js, Python
- **Project Management Tools:** Git, Figma, Postman, Jira
- **Database:** MSSQL, MySQL, PostgreSQL, MongoDB, Firebase, Supabase
- **Mobile Application Development:** React Native, Expo
- **Other Core Competencies:** Agile Software Development, Object Oriented Programming (OOP), Model View Control (MVC), UI/UX Design, API Developement
